AJEX Chair Meets Israeli President

March 2010

Peter Wagerman's recent trip to Israel, was his final official excursion as National Chairman of The Association of Jewish Ex-servicemen and Women. The five day mission included a personal meeting with Shimon Peres.

The visit to "Beit Hanassi", the presidential residence was a great success for Peter Wagerman, who was accompanied by and his wife Jo Wagerman OBE and a party of twenty AJEX members and associates.

President Shimon Peres personally greeted each member of the mission with a handshake and a few words, which was followed by the National Chairman expressing his honour and delight at being received by Mr Peres, especially as there was a special link between the Presidency of Israel and the British Armed Forces, in which three of his predecessors had served.

Peter Wagerman will stand down as chairman at the next AJEX's annual conference on 25th April after serving the full 2 year post..
